

TECHNOLOGY PROFESSIONAL OF THE YEAR AWARD CRITERIA

This Award is bestowed upon registered professionals who have distinguished themselves in their careers and have brought recognition and credit to applied science / engineering technology. It recognizes excellence in professional life - whether technical practice or such areas as management, teaching or administration.

This Award recognizes the individual for their tireless efforts towards promoting the applied science / engineering technology profession both provincially and nationally.

ELIGIBILITY:

Nominees must be registered professionals of the Association.

This Award is not to be given for work on Association committees or boards, although such work may be considered. A candidate must be nominated by another registered professional of the Association.

SELECTION CRITERIA:

Assessment considerations include, but are not limited to:

- Specific work accomplishments;
- Length of service with an employer and in the profession;
- Multiple professions;
- Entrepreneurial success;
- Career advancements;
- Public profile;
- Published papers or articles;
- Corporate recognition and level of responsibility;
- Peer recognition;
- Contributions to technical societies or standard organizations.

SELECTION COMMITTEE:

Awards Committee will select the final recipient.

APPLICATION DEADLINE DATE:

Applications accepted on a continual basis.

AWARD:

The Award will consist of a framed Certificate of Achievement.
